RECEIVER HAWKINS WONDERING WHAT THE BANK WILL REALIZE.

Cabinet Company's Property in the Branches Is Scattered and Costs Will Eat Up the Profits.

Along with the consideration of the criminal side of the transactions between the cabinet company and the Indianapolis National Bank comes the question of the probable amount the receiver of the bank will be able to realize out of the property of the company. Receiver Hawkins testicompany's receiver would bring a little over \$100,000. This includes the proceeds of the sale of the London branch. Just at the present time there is a perplexing quesin the Boston or New York branches prior to the sales of these two branches. There is a peculiar state of facts existing in this to appoint the attorney for the person applying for a receiver for any concern as attorney for the receiver, if the attorney is a reputable one. In the case of the cabinet company the receiver was applied for by A. C. Harris, acting as attorney for Newton Todd, and he was also appointed attorney for the receiver of the cabinet company. The testimony of F. A. Coffin upon the trial of the bank case was that the sales of both these branches had been made upon the advice of A. C. Harris, who had for some time prior to that been the attorney for the cabinet company. If an effort is made to recover the property held by these branches it will have to be done by the receiver of the cabinet company, as the receiver of the bank cannot proceed against the property of the cabinet company, soon as the complaint can be prepared. for the reason that in the consideration of the law, at least, all the property of the taken by the same attorney who advised its sale. Then it is doubtful if the attempt to recover this property would not prove more expensive than the returns realized

The property in both instances was mortgaged to secure notes which were sold to irresponsible persons, and that of the New York branch is scattered to the four winds and the receiver of the cabinet company would probably find it necessary to trace separate pieces of furniture did he undertake to recover the property for the benefit of the creditors of the company. It was shown by the evidence upon the trial that the property in Boston had been attached by Connecticut creditors. Since that time it has been moved from place to place and the sheriff's costs have run up into the thousands of dollars. It is said that the property has been considerably damaged by the many removals from place to place, and that even were it recovered by the receiver of the cabinet company and sold for the benefit of creditors it would not sell for enough to pay the sheriff's costs. Under the various complications existing and doubtful results of efforts to recover the property that was held by these branches it is likely that no fort will be made to recover it. The attorneys for the receiver of the bank are at work upon the complaint to establish its right to a first lien upon the property of the cabinet company under the bonds and mortgage to the bank, and the case will be begun in the Circuit Court as soon os the complaint can be prepared. e company that will be k's succeeding in establien represent some of

The Aged Ex-Bank President Will Then Know His Fate.

Theodore P. Haughey, ex-president of the Indianapolis National Bank, will not be sentenced in accordance with his plea of guilty until next Tuesday afternoon. There was a rumor affoat yesterday that he was to have been sentenced yesterday afternoon, but the afternoon passed and he was not sentenced. It was then said that he would be sentenced last night upon the return of District Attorney Burke, who was engaged in a lawsuit at New Albany. This rumor was also run to the earth and found to be without the least foundation in fact. It was reported that sentence was to be passed last night at the residence of the ex-banker in order that he might avoid the publicity of sentence even in the chambers publicity of sentence even in the chambers of Judge Baker. Should the cabinet company's receiver undertake to follow and recover this property it would have to be underrganized in June, 1854, has done much to advance the musical culture of the city and has enjoyed continuous prosperity. Its membership has been and is composed of representative Germans, who have worked clety and evidently have had much enjoyment from the entertainments it has giv-The oldest active member of the soclety, and the only one who has been a member from the beginning of the organization, is Mr. Gottfried Recker. The musical directors of the Maennerchor, in the order of their service, have been Edward Longerich, Ernest Despa, long since dead; Joseph Straubenmueller, now a professor New York; Joseph Kautmann, Professor Weegman, B. Lezius, Carl Bergstein, Max Leckner, Alexander Ernestinoff and Carl Barus, the present director. The festivities and exercises incident to the coming celebration will cover a period of three days. The guests of the Maennerchor during this time, who will participate in the concerts as well, will be the three oldest singing societies in the West, which were organizers of the North American Saengerbund. They are the Liederkranz, of Louisville, Ky.; the Maennercher, of Columbus, O.; and the Orpheus Society, of Cincinnati, the successor of the old Cin-cinnati Maennerchor. They will arrive here about noon on Friday, the 15th inst., and will be met at the Union Station by the Maennerchor and other German singing so-Cieties and escorted to the hall, on East Washington street, where there will be a reception. Afterwards they will go to the Grand Hotel, which will be the headquarters, and at 3 o'clock there will be a re-hearsal of the combined choruses at Tom-

THE CONCERT. In the evening a grand concert will be given at Tomlinson Hall, tickets for which can be bought by the general public, and reserved seats for which will be on sale at the Big Four ticket office, on the 11th inst. Besides the choruses and soloists, Brandt's Orchestra of fifty pieces, from Cincinnati, will take part, and Miss Barus, a daughter of Professor Barus, an accomplished young woman, who has been completing her musical education in Germany, will make her before her old freiends and assoclates. The special feature of this concert will be the "Festival Cantata," written composed especially for this occasion Professor Barus. The second act of "Faust" will be sung by the festival chorus, which is composed of present and ex-members of the Indianapolis Maennerchor. The solos and concerted music will be given by singers from the visiting so-cieties, this graceful act of courtesy being extended to them by the home society. After the concert there will be a reception to the invited societies and guests at Maennerchor Hall. This will be the only formal concert open to the general public given, and the following two days of the celebration will be largely devoted to social enjoyment. On Saturday morning, the 16th inst., the visitors from other citles will make a tour of the city, visiting the principal points of interest. In the afternoon they will go on an excursion to Fairview Park, and thence by boats to Belleview. 'An Italian Night," should the weather be favorable, will be given at Cottage Park, adjoining Fall creek on the north, between Illinois and Tennessee streets. Most elaborate preparations are being made for this event. The grounds will be brilliantly liluminated with electric lights and natural gas. There will be a great display of fire-works, with special designs, etc., and there will be chorus singing by the individual so-

SUMMER NIGHT FESTIVAL.

The entertainment will be open to all who have personal invitations, which can be obtained from the members of the committee in charge of it. It will be the only one of the series of entertainments to which others than members of the Maennerchor and the visiting societies will be invited. On Sunday morning there will be a gathering at the new hall at the corner of Michigan street and Massachusetts avenue, and the afternoon and evening will be spent at Germania Park, with singing, speech making and other exercises. Professor Barus has been at Louisville, Ky., during the last week directing the chorus of the Louisville Maennerchor, which will sing here. He will go to Cincinnati and Columbus, O., this week for the same purpose. The members of the Maennerchor are working very enthusiastically to make their anniversary celebration a great suc-cess. Albrecht Kipp and John P. Frenzel are directing the work of the committee and A. M. Kuhn is secretary and Frank Mummenhoff treasurer. The various subcommittees are all at work and everything is progressing satisfactorily. The expense of the celebration will be at least \$3,000, and the members of the society will raise this by the proceeds of the public concert and private subscriptions if necessary. The members have already subscribed for enough tickets to defray the greater part of

SCHOOL SPORT

SUCCESSFUL AFFAIR.

The Champion High Kicker Hurried Off to Serve His Country-Long Legs Win the Walking Match.

The Indianapolis High School Association held its first annual field day yesterday afternoon before a crowd of five hundred at the State fair grounds. The greater part of the audience was composed of the school boys and misses who brought many friends to see the brawn, muscle and alertness of the two high schools of this city attempt to smash records and make new ones. Several of the teachers were present and this lent encouragement to the participants. Though no records were broken, yet the members participating made a good showing and gave great promise for future work. Excepting the numerous small boys, who persisted in crowding the track during contests, the order was good and gave sat-

The contest opened with a hundred-yard dash. There were twelve entries. The result was as follows: D. Pattison, first; horses. Stables, 90 S. Tennessee St. W. L. W. Summerville, second, and C. Stanley, third. Time, 11 1-5.

created much excitement and the fast time was a surprise. There were also twelve entries in this contest. After an even start the riders were in a bunch with the seven-eighths post was reached. Then Maurice Townley showed unusual speed and finished first by a lead of thirty yards. T. David was second, and A. Craig was third. Time, 2.39. This is two seconds better than the time of the one-mile championship race of the State Intercollegiate contest last Tuesday.

There were just three contestants for the high kick. The contest was almost over when four members of the Light In-This was not received favorably, winner for several of the other contests to follow. For a time the four were ob-durate, and said that Baker must leave the contest immediately. Finally enough pressure was brought to bear upon them to allow Baker to finish the contest. This he did with one kick, placing the mark at eight feet. This was so much better than the marks of the other two contests that they concluded to make no further attempts. Baker then retired to the dressing room, where he made ready to answer his country's call, and left the grounds accompanied by the four soldiers amidst the cheers and hurrahs of his school compan-

The running broad jump was won R. Douglas, who cleared 16 feet and inches. O. Pickens was second, with 16 feet and 1½ inches. Macey Good was third, with 15 feet and 11 inches. The three-legged race of 120 yards afforded the usual amusement. Out of five couples only one remained on its legs and passed the goal. This was O. Mothershead and K. Winters, who made the distance in 15% seconds. who made the distance in 15% seconds.

The putting of the twelve-pound shot resulted in a hot contest between S. Parker and F. Buchtel. After six trials Parker put the shot thirty-six feet and one and one-half inches. Buchtel reached the thirty-four-foot mark. A. Sleicher was third with thirty-three feet and one-half inch to his credit. Seven contestants started out in the mile welk, but the gait started by the leaders proved too much for all excepting Macey Good and M. Eckman, who finished first and second, respectively. Time, 8:59 2-5.

The hop, step and jump was the hottest contest of the day. The result was F. Buchtel first, thirty-six feet, three and one-half inches; R. Douglas second, thirty-five feet, eleven inches, and O. Pickens third, thirty-five feet and one-half inch.

The half-mile handicap bicycle race was

The half-mile handicap bicycle race was won by T. Davil. who had a handicap of forty yards, in 1:08 4-5. Maurice Townley, a scratch rider, finished a close second, with The standing jump was won by R. Doug-las, who cleared nine feet and eight and one-half inches. M. Lewis was second and C. Tucker was third.

Three trials were necessary for a decision in the 120-yard hurdle race. The third heat resulted: D. Pattison first, W. Somerville second, and C. Tucker third. Time, :20 3-5.

S. Parker put the twelve-pound hammer seventy-nine feet, seven and one-half inches, and won. F. Buchtel was second, with seventy-one feet to his credit. The 220-yard dash was won by D. Patti-son, with W. Somerville second and W. P. Mavity had a walkover in the standing high jump, having cleared four feet, seven and one-half inches. E. Reinhart was second and D. Pattison third. The quarter-mile bicycle race resulted: J. Mahurin first, Maurice Townley second and T. David third. Time, :34 1-5. O. Moth-ershead cleared four feet nine inches in the running high jump and won, with M. Eck-man second and O. Pickens third. The one-mile run was won by C. Reinpart, in 6:11 4-5, with K. Winters second There were five starters, but the other three became "blown" and quit at the halfmile post. S. Parker threw the baseball 319 feet eight inches and won. E. Reinhart was second and J. Mahurin was third. The two-mile handicap bicycle race was hotly contested. H. Duckwell won in 6:09 3-5. Maurice Townley, a scratch man, made a great race, but he was too much handicapped, and could finish no better than second. W. Atkins was third. The contest in tennis doubles was played yesterday morning on the court of the In-dianapolis Tennis Club. G. Sommerville and D. Pattison won. G. Lemcke and R. Barth were second. The tennis singles will be played to-morrow afternoon on the above court at 4:30 o'clock. Those managing the contest feel that it was a success. HOSPITAL INSPECTION.

Board of Health Commends Dr. Wright -The Colored Interne Will Stay.

The Board of Health yesterday made a trip of inspection to the City Hospital. Dr. Hays said last night that the board was entirely satisfied with the manner in which the institution was being conducted by the new superintendent, Dr. Wright. Everything was found to be in the very best condition and the patients under his care all doing as well as could be expected.

The difficulty, if any ever existed, in the matter of the appointment of a colored interne has all been fairly and amicably adjusted. Last Friday was Dr. Furniss's first day of service. Immediately after assuming his position he asked Dr. Wright to have his meals served on a separate table or in another room, so that there could be no cause for any objection on the part of the other internes. This was done, and now all are satisfied.

OVER THE BELT.

Property Owners Still Fighting the Railroad's Proposed Right of Way. A delegation of property owners from the northwest part of the city appeared before the Board of Public Works yesterday and remonstrated against the board granting to the proposed Indianapolis, Logansport & Chicago Railway Company the right of way into the city over the route asked by the company. The delegation was headed by William H. English, Frank Maus and J. G. Voss. They thought the building of the line of railroad over the route proproperty near the line, and that the board should permit no more roads to lay lines within the city limits. They wanted the new company to be required to come into the city from the Belt over the line of some railroad already operating a line. The board listened to the claims of the property owners, but gave no expression as to what it would do.

MATTER OF EQUITY.

Judge Baker Holds a Nonresident Is Entitled to Barrett Law Benefits. Mrs. Jeck will be permitted to take advantage of the Barret law in the payment for improvements to which her property, in the southeastern part of the city, is subjected. Mrs. Jeck, who is a resident of Tennessee, owns a number of lots lying of Pleasant run. The ground was platted a few years ago, and streets opened through it and improved. She desired to take, advantage of the Barrett law in making payment for these improvements and notified ex-Controller Woollen. Her time prescribed by law, but her property was assessed in the regular manner and she brought suit in the federal court to require the issuance of the bonds to her in accordance with the provisions of the Barrett law. Her attorneys and City Atbefore Judge Baker in chambers yesterday, and presented the facts in the case to him. Judge Baker thought that, in equity, Mrs. Jeck was entitled to the advantage of the law, and will make an order to that effect ordering the bonds issued to her.

Block Pavement Specifications. City Engineer Brown is at work upon the specifications for the block pavement to be laid upon North Alabama street. Yesterday he unearthed the specification under which the pavement on North Delaware street, between St. Clair and Seventh streets, was laid, and will use them as a guide to his specifications for the Alabama-street pavement. The Delawarestreet pavement has been in use eight years, and is considered the best specimen of block pavement to be found.

Two Dollars per Annum.

If You Come to Us you will see that the new styles in Carpets are materially dif-ferent from heretofore—a richness in coloring and heightening of

effects that are exceedingly artistic. We have a larger line of new Carpets than any house in Indiana. No trouble to show goods. The same is true of Rugs.

GALL, 17 and 19 W. Washington St. rency for & C. Johnson's Parquetry Flooring and Borders. Estimates furnished.
